

# WOMEN WITH PROMISE

Together. Helping others.

*Vision*

We envision a world where all women can build lives of promise and success.

*Mission*

To empower north Texas women emerging from challenging circumstances to build futures filled with promise and success by providing support, educational scholarships and professional mentorship within a community of women who care.

## *about*

Formed in 2013 by a diverse group of talented and successful businesswomen who wanted to make a difference in their north Texas neighborhood, and so they made a promise to help women emerging from challenges by empowering them to make their lives better.

### The Women With Promise Scholarship Fund

*Applications Taken on a Rolling Basis*

Started in 2018 to provide scholarships for non-traditional students who have suffered a challenges in life, such as homelessness, poverty and abuse.

By focusing on education and mentorship, the building blocks are formed for long term success and self-sustaining livelihoods. Each recipient receives a WWP professional mentor for support and guidance.

"It's been a lonely journey at times and having Women With Promise beside me has meant the world. It's given me a new lease on life."

## *Won't You Join Us?*

We believe in the collective power of professional women who come together to make a difference in their community.

We believe in the promise of all women and their potential to build successful, self-sustaining lives.

We believe the journey to a better life is best traveled with support and nurturing, guidance and encouragement.

We believe in the transformational power of mentorship and education to make dreams of a bright future come true.

We believe when you raise a woman up with opportunity, you affect her children and improve society.

And we believe that by giving selflessly of our time, talent or treasure, we will have a cascading impact on generations to come.
