

WOMEN WITH PROMISE

scholarship program
CELEBRATING 5 YEARS

FINANCIAL ASSISTANCE

Support is available for full or part time students attending or planning to attend accredited institutions of higher learning. Scholarships range from \$250 to \$5,000 to assist with tuition, books and fees. Funds are paid directly to the institution prior to the course starting. Number of scholarships and assistance varies each quarter depending on the number of applications and donations received. **Applications accepted on a rolling basis so apply today!**

ELIGIBILITY

Our scholarships target north Texas women who are in desperate financial situations and need both an education and funds to assist them in developing skills to elevate their future work opportunities. First priority candidates are women with the greatest emotional and financial challenges as they gain the work skills necessary to support themselves and/ or their families.

For the last 10 years, the Women With Promise caring community of professional women have networked with a purpose and a desire to make a difference. United in our belief that all women hold the promise within to build successful, self-sustaining lives, together we are helping others.

To date, Women With Promise has donated more than \$80,000 to help north Texas women in need, and awarded \$50,000 in scholarships to 17 Scholars.

We give our talent and time to raise funds to provide support, college scholarships and professional mentorship to help north Texas women emerging from challenging circumstances to improve their lives.

We are women helping women right here in our own neighborhoods. Our reward is seeing the success of our nonprofit partners and the transformation of Women With Promise scholars. By mentoring them on this journey and being a part of this caring community of difference makers, the gifts we receive are far greater than those we give.
